A confirmed stanton of the Arthoul House control and the stanton of the late W. A childwell provided the stanton of the late W. A childwell and the stanton of t pense for the space class of service during the space of saving of \$47,86; on each emprior. Do our maders desire to replace in power a party that for eight years was sous lavish with the public It has been the custom of shore-line holders

inithis city to extend docks to deep water with-out regard to the width of adjoining docks or to the more important matter of chatrustion of the river. Owing to gradual shoaling along the Portland shore—due to an eddy formed by a curve in the river—the depth at the outer limit of the old "O. S. N." wharf is now only sight foot at low water. To reach deep water several new decks have been extended far beyond the original line. There is serious danger that unless regulations are soon enforced, the river will be parrowed by enerosching decks to an extent which will interfere with shire room. In misting to the matter, the restrict of the restrict o to afford a free channel between docks 1350 wide feet at its narrowest point. He suggests that the county surveyor, the city unrelyors of Portland and East Portland and the J. S. eggineer officer, establish dock, limits on both sides of the river in conformation between the county surveyor, the city unrelyors of Portland and East Portland and the J. S. eggineer officer, establish dock, limits on both sides of the river in conformation between the county surveyors of Portland and East Portland and the J. S. eggineer officer, establish dock, limits on both sides of the river in conformation. ships room. In relation to this matter, Capt.

NEWSPAPERARCHIVE®

foot channel, and that steps he taken to fix this line by law as the limit of dock extension. It would then became the duty of the governmen ship channel. The thing should be done, and at

A bill recently passed the New York assem it. His point is substantially that the average bunals mean that the action of the training bunals well and the average bunals well and of that he days as a whole. The entire weight of the authority must be clearly action and the support of the supp be given the present of the authority must be law. But there are attorney in the principal attacking of the torneys, and some prosecutors less than the principal attacking the control of s are parceled out unding its members in with a ju with a jury powerfully impressed by the clos-ing argument. But it is not often, if ever,

s can be made those of the whole body by der.
